## Seattle Alumni: Breaking New Ground

Welcome to the first quarterly newsletter for the Seattle SeaCats! As many of you know the leadership board recently transitioned and we have already held our first meeting. As a young, motivated team, we plan to focus on three main areas of development:

- **Visibility:** SeaCats will make an impact. Through social, charity, and networking events, the SeaCats name will be used by more than just its members.
- **Recruitment:** As a small group in a large metropolitan area, we have the resources to bring more UA alumni into our group. Together we can grow!
- **Communications:** Through quarterly newsletters, e-mail event reminders, and more we will increase communications with all SeaCats. This will plan a huge role in increasing visibility and recruitment.

We are looking for volunteers to assist us with event planning and recruitment. Please let us know if you interested.
